

GRAND CASINO
ARENA

STATE OF HOCKEY EXHIBITS FAN GUIDE

Since Grand Casino Arena first opened its doors in October of 2000, the home rink of the Wild has featured several exhibits and displays celebrating the game of hockey at all levels.

From youth hockey to high school to the pros, you can find the history of our game around every corner of the main concourse. Long-time Team Curator Roger Godin has led the efforts to make the home ice of the Wild a true shrine to hockey, and, following his retirement in 2025, we continue to maintain and update his legacy of honoring the game.
